## MWL BACKGROUND

## MESSAGE FROM CHAIRMAN

“

Dear friends,

On behalf of the team at Mercy Without Limits, we would like to thank you for your continued support and commitment towards improving the lives of orphans, widows, and refugees all around the world.

Our work has grown and taken us all around the world in areas of high orphan populations. We provide the fundamental tools for the short-term and long-term survival of our orphans, widows, and refugees. Our dedicated staff has done an incredible job at expanding our outreach while strengthening our programs and services to meet the needs of each community we serve. Our goal is to ensure our orphans and their communities will continue to have access to clear water, food assistance, education, and other needed necessities.

Despite the many challenges those who are less fortunate face on a daily basis, they are fortunate to have many loyal supporters who are committed to providing them with tools for their continued growth and prosperity. We believe together we can make a difference in the lives of others.

Becoming an orphan sponsor is about building a relationship. Every gift you give is an opportunity YOU have to shape the lives of not just one orphan, but the lives of many generations to come. Give the gift of a limitless smile, the gift of love, and the gift of a lifetime.

Sincerely,

“

# **MISSION**

To educate and empower women and children by enabling them to have an effective and positive role in constructing a better society.

# **VISION**

A better world for women and children.

# **PROMISE**

Mercy Without Limits strives to meet the needs of neglected and underserved communities so that future generations may have the tools they need to create meaningful change in their own lives. Working with partners around the world, we empower communities to recover, build resiliency, and thrive in the face of unfortunate circumstances. MWL acknowledges that everyone deserves the necessities of life including food, clean water, shelter, clothing, health services, and opportunities for sustainable growth. MWL respects and supports all types of cultures, habits, and individual and community customs. MWL ensures that all stakeholders are involved in assessment, program designing, and implementing by activating all necessary tools to achieve the highest level of accountability. MWL believes that all human beings have the right to the necessities regardless of their gender, age, religion, or ethnicity.

# HIGHLIGHTS

## EMERGENCY RESPONSE

Mercy Without Limits is dedicated to providing aid following emergency situations; the earthquakes in Syria, Turkiye, Morocco and the floods in Libya in 2023 were among the disasters that we were active in enacting emergency relief humanitarian projects.

Given our teams and resources in the region, we were able to act swiftly following the massive earthquakes in Syria and Turkiye. With the help of our local staff, we distributed food, water, hygiene kits, and provided shelter in the form of tents; for victims of the disaster.

Quickly following the devastating earthquake that hit Morocco in September, our team worked to bring urgent relief to families who had been affected. We built emergency shelters and provided aid to those in need of support.

We distributed food baskets, mattresses, blankets and stoves, and constructed tents following the disaster.

The massive floods in Libya also required immediate action to help displaced families and individuals in the affected regions. MWL made it our priority to extend our reach to victims of the disaster, supplying them with aid in the forms of food and daily essentials.

## HIGHLIGHTS

# BUILDING EVALUATION

Our local team partnered with the association of Syrian Engineers to inspect and classify the extent of damage to buildings in Northern Syria. We completed inspection of 100% of the structures in question in the greater Aleppo area - 161,740 homes and 41,884 commercial buildings.

This project has been internationally recognized for its overarching benefit to communities in the region. MWL was honored to receive inquiries from the UN as they look to conduct similar programs to help rebuild and restore after the disaster.

# GAZA'S EMERGENCY RESPONSE

MWL aims at providing restoration and hope those affected by provided emergency relief and is responding to the Gaza tragedy by providing emergency medical supplies to hospitals, food aid, and hygiene kits. In addition, MWL is sending truckloads of flour to provide assistance with hunger.

## 2023 IN REVIEW

## **PROTECTION**

It is a prioritized focus of humanitarian organizations worldwide to care for children's physical and mental health. MWL is taking part in this mission by partnering with humanitarian agencies to conduct projects worldwide. Child protection programs MWL is involved in include recreational activities, structured and semi-structured psychosocial support, and awareness campaigns focusing on subjects like personal hygiene and education. Our protection projects spanned across Jordan, Syria and Lebanon and included activities such as awareness sessions, PSS activities, training courses, rehabilitation of CWD facilities, referrals and cash support. A total of around 121K beneficiaries were reached through our protection projects.

**121K**

**TOTAL BENEFICIARIES**

**\$4.4M**

**BUDGET**

## CHILD PROTECTION

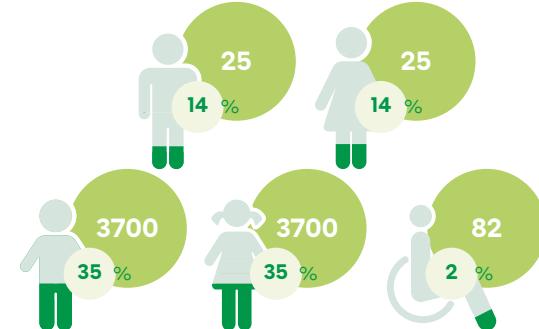

Mercy Without Limits' orphan sponsorship program is designed to guarantee the wellbeing of each child in our care. Our sponsorship program stands out from others in that we provide children in our care with extensive support, including food, clothing, healthcare services, education, school supplies, psychological support, recreational activities, and even parental education for their widowed mothers. Our program guarantees orphans the opportunity to thrive and grow into empowered, educated, and dedicated members of their community.

## **EDUCATION**

Mercy Without Limits strongly believes in the mission to bring education to underserved communities across the globe. Equipping children and adults with the necessary tools they need to develop their knowledge and skills will enable them to bring about lasting change to their community. Achieving this goal also enables individuals to be self-sustained through their own talents and abilities, they have been able to develop through their education.

During the Covid-19 pandemic, dropout rates increased due to sickness, conflicts, poverty, and loss of wealth and family. MWL works towards solving the global education crisis by implementing a variety of education projects, meeting the vast demands of basic educational needs, such as learning kits, rehabilitation schools, teachers' incentives, etc. Accelerated learning programs have also been made available as an option to disadvantaged children to provide them with equivalent educational standards to match their age. Children with special needs were served in all projects, maintaining equal opportunity for all children to learn.

Our education projects spanned across five countries, Türkiye, Syria, Bangladesh, Lebanon, Jordan and Palestine. We rehabilitated water supply systems for education facilities, provided sanitation services, constructed classrooms, provided training to local teachers, distributed textbooks, school bags and hygiene kits to students, and supplied fuel for heating to schools during the winter months.

## WATER, SANITATION, AND HYGIENE **WASH**

In 2023, many communities worldwide suffered with a lack of water and means to maintain adequate hygiene. To improve health and community conditions MWL was grateful to take part in constructing water wells and orchestrating projects that enabled access to safe water and sanitation in several countries. Over this past year we built wells, provided water trucking, supplied clean water tanks and latrines and established sewer systems and water networks; helping around 290,000 beneficiaries across 93,000 households in Bangladesh, Türkiye, Syria and Lebanon.

People worldwide who have been displaced and lost their homes due to tragedy or disaster have found themselves without adequate shelter. MWL provides tents and living quarters to Rohingya Refugees in Bangladesh, and people who have been displaced by natural disasters in Türkiye, Syria, and Morocco. Shelters were implemented to expand shelter capacity and improve living conditions to help facilitate survival. Among our projects for shelter, our teams were able to rehabilitate homes, install tents for displaced families, distribute pillows, mattresses, carpets and fuel for heaters.

## **HEALTH**

MWL has supported multiple health and wellness projects around the world. With the help of our generous donors, we've established dental clinics, supported health facilities, funded salaries for staff at hospitals, and supplied healthcare facilities with equipment and medicine.

In addition, our flagship program, our orphan sponsorships ensure orphans receive consistent healthcare, including two check-ups per year. We've been able to support thousands of children in need with medical care; and work to continuously spread our reach and provide these services to even more orphans around the world.
